

GROUT CLEAN

DESCRIPTION

Grout Clean is formulated to quickly and easily remove lime, soap and detergent deposits from shower stalls, bath tubs, lavatories, wash fountains, marble, terrazzo and tile floors

FEATURES

- ï Instantly dissolves lime and soap deposits
- ï Restores the "new" look to surfaces

HOW TO USE

Dilute **Grout Clean** with 1-2 parts water. Apply to surface with a sponge, mop or cloth. Allow a few minutes for the **Grout Clean** solution to react with the soil and rinse with water. When using a sponge or cloth, rubber gloves should be worn or a protective cream should be used. For heavy deposits, undiluted **Grout Clean** may be required.

SPECIFICATIONS

Physical Form	clear liquid
Color	reddish
Odor	spearmint
Specific Gravity	1.06
Flash Point	none

HMIS SYMBOL

Health	2
Flammability	0
Reactivity	0
