

# LogicCool

## Synthetic Machining Coolant

### DESCRIPTION

LogicCool is a heavy duty synthetic cutting coolant for machining of all steels and gives good performance with copper alloys. To eliminate the possibility of staining, copper alloys should be cleaned after machining

---

### FEATURES

- Built in bactericide to eliminate odor problems
  - Completely synthetic - no odor
  - Lightly color tinted for spectrograph readings
  - Economical - high dilution rates
- 

### HOW TO USE

Dilutions:

- Tapping & Drilling 5:1 up to 10:1
  - Turning, Boring, Sawing 10:1 up to 20:1
  - Lathes, Milling 15:1 up to 21:1
  - Grinding 20:1 up to 30:1
- 

### SPECIFICATIONS

Physical Form	clear liquid
Color	amber to light brown
Odor	none
Specific Gravity	1.02
Flash Point (TCC)	none

---

### HMIS SYMBOL

Health	1
Flammability	0
Reactivity	0

The logical choice for maintenance solutions
