

Logicon

Penetrating Floor Sealer

DESCRIPTION

Logicon is a penetrating sealer and conditioner that is highly resistant to abrasions, impact, acids, alkali, fumes, gases, oil, grease, gasoline, ink, fruit juices, cleaning materials, alcohol and moisture. Use to seal and protect terrazzo and concrete against wear, stains, grease and extraneous moisture in one easy operation.

FEATURES

Resistant to acids, alkali, oil, grease and more

- Seals and hardens old as well as new concrete and terrazzo
- Penetrates 1/4" or more into the surface creating adhesion between the aggregate and cementitious material
- Prevents efflorescence or "blooming"
- Slip resistant
- Quickly dries to a clear satin finish
- Non-yellowing
- Highly resistant to scratching, abrasions and impact
- Controls moisture vapors in existing floors
- Helps overcome uneven porosity found in many terrazzo floors
- Easy to apply
- Covers approximately 400 square feet per gallon at 1 coat
- 2 coats recommended

HOW TO USE

- Floors must be thoroughly clean and dry. Pour **Logicon** in a shallow pan. Dip a lambs wool applicator into the finish and flow on in thin coats. Spread evenly.
- Dries to touch in 2 - 4 hours; dries hard in 5 - 8 hours when applied in thin coats.
- Allow 24 hours for last coat to dry before using floor.
- Always ventilate room for quicker hard dry.
- Keep container tightly closed.

SPECIFICATIONS

Physical Form	water white liquid
Color	clear
Odor	solvent
Specific Gravity	0.858
Flash Point (TCC)	105° F

HMIS SYMBOL

Health	2
Flammability	2
Reactivity	0
